## EDUCATION

### B.E/Mechanical (2019-2023)

Thiagarajar College of Engineering, Madurai  
**CGPA - 8.70**

### HSC (2018 – 2019 )

Vinayakar Matric Hr. Sec. School,  
Sivakasi

**PERCENTAGE - 90**

### SSLC (2016-2017)

Vinayakar Matric Hr. Sec. School,  
Sivakasi

**PERCENTAGE - 98.4**

## PROFILE SUMMARY

As a fresh and passionate Frontend developer, I bring a strong foundation in HTML, CSS, and JavaScript, with a keen interest in React.js. Eager to contribute to innovative web projects and continually expand my skill set to create dynamic and user-friendly websites.

## PROJECTS

### 11/2023 – 12/2023

#### Rytsense Technologies Website

- 1.Dynamic UI with **React components**
- 2.Consistent design using **Tailwind CSS**
- 3.Engaging animations with **Framer Motion**
- 4.Unique **particle animation** for visual appeal

### 07/2023 – 08/2023

#### Tamil tarangini - cherished memories of college Tamil Mandram.

Designed a website highlighting 2 iconic Mandram moments and achievements. Retrieve and present a Thirukural verse along with its translation using an API, with the content refreshing daily from the collection of 1330 verses. Provides information about past and upcoming events conducted by the Mandram. **Software used:** HTML, CSS, Javascript

### 01/2023 – 04/2023

#### Prediction of Wear behavior using ML Algorithms.

Wear performance of orthopaedic implants was enhanced as a result of nickel-coating the SS 316L material, which demonstrates reduced wear under a 20N load. Decision Tree Algorithm shows an accuracy of 1 using Python-based Machine Learning (ML) methods. **Libraries used:** pandas, numpy, matplotlib, Python3

## CERTIFICATIONS

HTML, CSS, and Javascript for Web Developers by **Coursera**

## LANGUAGES

Tamil, English, Telugu

## SOFTSKILLS

Team Collaboration, Problem Solving
